

Financing the Purchase of Your Home

*FHA financing cannot be used as well as any lender that requires a seasoning period.

Below is a list of lenders who have told us they do not have a seasoning requirement. You should verify this and obtain interest rate/loan terms to make sure it fits our and your criteria. Other lenders would also be acceptable as long as they don't have a seasoning requirement.

1. Bank of America
2. Wells Fargo
3. Chase

We wish you all the best.

Thank you,
